- 4) From the web page [www.eterm.it/eng/](http://www.eterm.it/eng/), click on “eterm PC Manager”.

- 5) Click on “**Download etermPCmanager**” and download the latest version of the installation software.

The screenshot shows the eterm website interface. At the top, there is a navigation menu with links for Home, Products, News, Services, References, and Contacts. Below the navigation, there are four main product categories: eterm PC Manager, eterm Web Manager, eterm Easy Manager, and eterm Reserved Area. The main content area is titled "etermPCmanager" and describes the software's purpose: "etermPCmanager is a software that allows the configuration, management and remote control of the following devices:". A list of supported devices is provided, including NEREIX MASTER, Nereix Clima Module, Nereix Metering Module, Central Plant Nereix Metering module, MBUS CENTRALIZER, BOILER MANAGEMENT BOARD (BMB), and PLANT MANAGEMENT BOARD (PMB). Below this list, there is a note about "eterm installation" and a section for "Possible connections" detailing various connection methods like USB, RS232, modem, and internet. At the bottom of the page, there are two prominent buttons: "RU etermPCmanager Manual" and "Download etermPCmanager 1.0.6.0".

- 6) Execute the installation software accepting the license conditions.
- 7) Launch etermPCmanager and click on “**Code request**” in the first window.

- 8) You will be redirected through your browser to the following web page. If you have a discount code, insert it in the field “**discount code**” and click on the near arrow. If you don’t have a discount code, proceed with the purchase by clicking on the arrow in the bottom right.

The screenshot shows the eterm website's shopping summary page. At the top, there is a navigation bar with the eterm logo on the left and a language dropdown set to 'english' on the right. Below the navigation bar is a yellow banner with the eterm logo and the word 'STORE' in a large, light font. Underneath the banner, the text 'Shopping summary' is displayed. A checked checkbox is next to 'etermPCmanager license'. To the right, there is a 'product serial key' field containing '65131525'. Below that, the 'License' is set to 'illimitata'. At the bottom, there is a price field showing '€ 100' and a 'discount code' field containing 'ET-G7DO5S' with a right-pointing arrow button.

- 9) Log in with username and password previously chosen.

The screenshot shows the eterm website's user registration and login page. At the top, there is a yellow banner with the eterm logo and the word 'STORE' in a large, light font. Below the banner, the text 'User registration' is displayed. Underneath, there is a section for 'Billing information' with a note: 'The Customer declares that the entered billing information are correct.' and a footnote: '\* Required information.' A checked checkbox is next to 'Customer registration'. Below this, there is a login form with two columns: 'USERNAME' and 'PASSWORD'. The text 'If you are already registered on that website, please login' is displayed in the first column. At the bottom right, there is a blue 'Login' button.

- 10) Confirm your personal data by clicking on “**Send**” and then by clicking on “**Next**”.
- 11) Click on “**Buy**”. If the total amount will not be “**free**”, you will proceed to the payment with credit card on a secure area. Otherwise if you have inserted a discount code, total amount will be “**free**” and you will not have anything to pay.

12) In the next page it will be given to you the “**Product key**”.
